OFFICE OF THE MUNICIPAL COMMISSIONER
CITY MUNICIPALITY

Mysore, Dated - 15-6-1950.

From

SRI C NARASIMHA MOORTY MA
MUNICIPAL COMMISSIONER
CITY MUNICIPAL COUNCIL
MYSORE

To

Sri L Muniswamy, B A.,
Secretary to Government, L.S G Department,

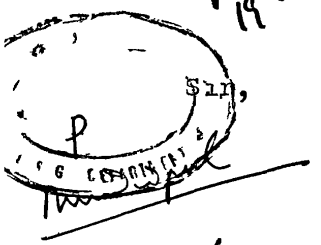
(Through the President)



Subject - Modified estimate for Semi-grouting with maxphalt in Kalamma Temple street, Mandy Mohalla.

I have the honour to state that Kalamma temple street in Mandy Mohalla is a narrow but busy street having a slope along entire - length of the road from either ends. The road frequently gets damaged during rainy season due to washing out ' The road had been tarred long ago but there were hardly any traces of the same Hence the road was included in the scheme for tarring the several roads of the City at a cost of Rs. 2,16,000 which was sanctioned in G O No.L. 11540-3/M1 106-45-11 dated 21-2-47 When the question of taking up th work came up before the Works Committee for their consideration ~~xf~~ at their meeting held on 14-4-1950, the Municipal Engineer suggested that mere surface painting the above road as provided in the sanctioned ~~estimate in the above~~ scheme would not stand ~~xt~~ a long time. He opined that semi-grouting the road with maxphalt after metalling the same would be more durable The Works Committee who examined the question therefore recommended sanction to the estimate for Rs 4500/- for metalling and the estimate for Rs 7300/- for semi-grouting the road with maxphalt Both these estimates were approved by the Council at their meeting held on 5th May 1950 In enclosing herewith the two estimates together with the resolutions of the Council No.118 and 119 for metalling and semi-grouting with maxphalt the above road, I request that orders of Government may kindly be obtained for sanctioning the same as the total cost of work comes to Rs 11800/- and requires - sanction of Government being in excess of Rs 5000/- As the works

P T O

works were very urgent they have been taken u
of sanction

Yours faithfully,

Municipal Commissio
